ADDENDUM #2

TO ALL POTENTIAL BIDDERS OF PAINTING PARKING DECK 2

The Birmingham-Jefferson Civic Center Authority would like to make the following clarifications:

BJCC has used elevator house, elevator shaft structures, and elevator landing structures in the bid document. For consistency, please replace the underlined words below with, "landing structures."

- 12.2.1.1. The work of this section shall include furnishing all permits, labor, materials, equipment, and services to perform the following work. Note all colors will be selected by BJCC. This is an all-inclusive bid. It is for everything except repairing expansion joints on precast and striping. Painting includes block buildings. BJCC may request colors other than white on the block building. The color has not yet been determined for the stairwells and elevator housings.
- 12.2.1.1.3. Properly clean, block fill, and paint the masonry elevator shaft structures.
- 12.5.2 Painting elevator landing structures.

If you have any questions, please email Jerry.Nelms@bjcc.org.

Sincerely,

Sharon A. Proctor
